

CLICK-BY-CLICK DESK REFERENCE

New Sale Quick Start

Use this sheet after signing in. Free listings skip Stripe; paid customers enter their own card.

OPEN NEW SALE
<https://citybeatmag.co/en/admin/sales/new>

Developer Control: click the bright + **NEW SALE** button.
Sales account: click **DASHBOARD**, then use the **New sale** form.

STEP	CLICK / ENTER	RESULT
1	Select Product	For a new directory business choose Basic Free, Founders \$9.99/mo, or Premium \$19.99/mo.
2	Set up the listing	Choose an existing listing or New business. Select a category or type a correct new category.
3	Enter the essentials	Business name and client email are required. Phone is optional but needed for Text.
4	Review the product card	Confirm the customer benefit and whether the choice is Free, recurring, or one-time.
5	Click Create	Basic Free publishes the listing without Stripe. Paid products create the secure checkout.
6	Check both handoffs	Free shows only Listing ready to claim. A paid new listing shows Payment plus Listing.

HAND OFF THE RIGHT LINK

HANDOFF	WHEN IT APPEARS	WHAT THE CUSTOMER DOES
Payment	Every paid product.	Pays on Stripe. Use Open, QR, Email, Text, or Copy.
Listing	Every newly added directory business.	Opens the public page and selects Claim. Use Open, QR, Email, Text, or Copy.
Free listing	Basic Free (\$0).	Only the Listing handoff appears. There is no payment link or payment QR.
Paid new listing	Founders or Premium.	Both Payment and Listing handoffs appear. Send both links.

USE THE CORRECT CARD
Payment pays for the product. Listing opens the business page for claiming. Claiming never creates a second Sales Desk charge.

WHAT HAPPENS AFTER THE HANDOFF

Paid orders continue; new listings get claimed

Stripe opens the paid-product brief. The separate public listing link lets the business owner verify and claim the page.

STEP	CLICK / ENTER	RESULT
7	Free skips Stripe	The Basic listing is already public. Send its listing link so the customer can claim it.
8	Paid customer completes Stripe	They enter their own card. Recurring products save it securely and renew automatically.
9	Customer claims the listing	From the public listing link, they select Claim and verify the business email.
10	Paid customer finishes the brief	Stripe returns them to the private product wizard for fulfillment details.
11	Check Recent orders	For paid sales, confirm Payment, Billing, Brief, Fulfillment, Discount, and Commission.
12	Click Start next sale	Clear the previous customer and begin with a new order.

WHAT EACH PAID CUSTOMER BRIEF COLLECTS

PRODUCT	MAIN INFORMATION REQUIRED
Directory	Category, description, address, hours, website, social links, logo, cover, and gallery.
Job	Title, category, employment/workplace type, location, pay, benefits, description, qualifications, and application details.
Event	Dates, time zone, format, venue, ticket link, price, accessibility, organizer, description, and artwork.
Advertising	Objective, dates, destination link, copy, call to action, logo/artwork, sources, and approval contact.
Custom	Manager-approved deliverable, goal, timing, destination, assets, and approval contact.

FINAL CHECK

BEFORE	PAYMENT	AFTER
☐ Right customer ☐ Right product ☐ Exact price/term ☐ Consent to email/text	☐ Free has no Stripe link ☐ Paid Stripe page matches ☐ Customer enters own card	☐ Listing link sent ☐ Claim explained ☐ Paid brief explained ☐ Start next sale

STOP AND CORRECT

Pause if the product, price, term, customer, availability, or deliverable is unclear. Confirm with management, then create a fresh handoff. Accuracy prevents refunds and protects trust.

Customer card data stays with Stripe. CityBeat staff should never request, record, photograph, or type a card number.
